Bennett Middle School, MD

TMI® provides the following Air Barrier services:

- Design review and consulting for air barrier continuity
- Mock-up testing
- Air Barrier Inspections
- Adhesion/Cohesion testing
- Whole Building Air Leakage testing (blower door)
- Water penetration testing
- Infrared Thermography - Level I, Level II, Level III
  - Building Science

## TMI® TEAM QUALIFICATIONS (Continued)

- ASTM - Examination of Building Envelope Interface Techniques and Systems
- Flashing Requirements in Review
- Adding Air Barrier and Thermal Improvements to Existing Facilities
- Field Testing and Inspections of Air Barriers
- Design Considerations for Air Barriers
- Design Professional Training, Key Junctions and Interfaces for Air Barriers
- Contractor Sessions, Truths & Fallacies on Site Field Testing
- Case Studies of Various Air Barrier Jobs
- Field Testing and Inspection of Air Barriers
- Air Barrier Issues found During ABAA Audits
- ABAA Testing, Analysis QAP Building Envelope Testing
- ABAA Spray Polyurethane Foam Certification Program
- ABAA Quality Assurance Program Training
- General Air Barrier Principles and the Roles of the Construction Manager and General Contractor
- Four Barriers for Four Wetting Potentials
- Incorporating Air Barriers Into Specifications
- Masonry Veneer Anchors and Air Barriers
- Self-Adhered and Fluid Applied Air Barrier Instructor
- PHIUS Builder Training
- Whole Building Air Leakage Testing
- ABAA Blower Door Technician Training
- ABAA Field Auditor Training
- Production Management
- Construction Management-The Superintendents Job
- Construction Scheduling-Critical Path Method
- Precision Estimating & Computer Estimating
- PA State Certified Journeyman Tool & Die Maker
